- ✓ Large 2.6L refrigeration tank
- ✓ Easy clean UV stabilised cabinet
- ✓ Lift-out reservoir
- ✓ 36 month comprehensive warranty

**3 YEAR  
WARRANTY**

# GLACIER SERIES

## GENERAL FEATURES

With its durable, lightweight and scratch resistant cabinet, the Glacier has been a favourite in the rental market for almost 20 years.

**COLD TANK:** 2.6 litre high density polyethylene (HDPE) tank. This food-grade plastic is tough and rustproof.

**HOT TANK:** 2 litre type 304 stainless steel tank with 500 watt sheathed heater ensures temperature control. On/off switch is easily accessible at the back of the unit.

**CABINET:** Durable, lightweight and scratch resistant high density polyethylene (HDPE) cabinet. The one piece, blow moulded design makes it easy to clean.

**TAPS:** NSF approved lever type Nylon taps with silicon tubing. Hot safety tap comes as standard on hot/cold model. Optional push taps available.

## OPTIONAL EXTRAS

**SELF-FILL BOTTLE:** A flexible filtration option for home, office or factory. Simply fill with tap water for a continuous supply of fresh water. The SFB is the perfect partner for all bottled coolers and ceramic dispensers.

**NON SPLASH VALVE:** Allows standard bottles to be changed without excess spillage. Just place the bottle on the cooler and the valve opens to let water through. The valve closes automatically when the bottle is removed.

**Waterworks™ Australia**

ABN 91 902 793 936

48-50 Neumann Road Capalaba Queensland 4157

Bulk Warehouse: 53 Neumann Road Capalaba Queensland 4157

As part of Waterworks™ Australia's policy of continuous improvement, we reserve the right to alter specifications at anytime without notice.

## SPECIFICATIONS

**REFRIGERATION:** Gas R134A. Refrigerant flow is controlled by a capillary tube with no moving parts. The automatic overload protected condenser is hermetically sealed with no lubricant required.

**ELECTRICAL:** Certificate number 171550. 220v 50hz single phase. A 1.5 metre power cord is supplied. Full load current is 0.8 amps.

**CONDENSER:** Quietly operating, air cooled static type with no moving parts.

## PERFORMANCE

Tap 1 Approx. 4-10°C

Tap 2 Room Temperature

Hot Tap Approx. 84-89°C

## CAPACITY

ROOM TEMP °C	21	27	32

HOT WATER DELIVERY: 45 x 170ml cups per hour

\*Intermittent use only, continuous use will result in reduced performance.

## SHIPPING WEIGHTS & DIMENSIONS

MODEL	WEIGHT	MODEL	WEIGHT	WIDTH	DEPTH	HEIGHT
GLACIER CC	14kg	GLACIER HC	16kg	31cm	32cm	100cm

## WARRANTY

The Waterworks™ Glacier series water coolers are covered by our 36 month Comprehensive Warranty (copy available on request). The warranty provides comprehensive parts and labour coverage for the period of 36 months from the date of original sale.

Damage to the stainless steel tank may occur if using reverse osmosis or incorrect filtration.

**Warranty will be void in the event of this happening.**

Please discuss filtration options with your local water filter specialist.
